

Get Up Get Ready

Verse 1

All of heaven's getting ready, for the last and final call
Heaven's choir is all assembled, an invitation to one and all
We're waiting with anticipation, it can happen any day
'Cause in the blink of an eye from the eastern sky we're gonna hear our savior say

Chorus

Get up (get up) get ready
We're getting ready to go
Get a move on time cause in a little while, We'll be going home
I made up my mind, I'm not wasting time
The trumpet's about to blow
So get up, and get ready, we're getting ready to go

Verse 2 (wait for modulation)

Now don't you worry about friends and loved ones, who have gone before
When the Lord comes back, with a shout, he's gonna shake this earthly floor
The graves are gonna burst wide open, and the dead in Christ will rise
So get up, and get ready, we're getting ready to fly

Chorus

Get up (get up) and get ready
We're getting ready to go
Get a move on time cause in a little while, We'll be going home
I made up my mind, I'm not wasting time
The trumpet's about to blow
So get up, and get ready, we're getting ready to go

Chorus (modulation) (sing twice, then tag last line)

Oh, Get up, get ready
 Get up, lets get ready

We're getting ready to go
 we're ready to go

Get a move on time cause in a little while, We'll be going home
 Get a move up, a move on time We'll all be going home

I made up my mind, I'm not wasting time
 made up.....I made up my mind

The trumpet's about to blow
 The trumpet.....is about to blow

So get up, and get ready, we're getting ready to go
 Get up lets get ready we're getting ready to go
